FOR IMMEDIATE RELEASE

Murray Supply Company Associates Attend Rep South Training Event

Murray Supply Company associates attended a Rep South training event at their facility in Charlotte, North Carolina on August 20, 2010.

Rep South set up various training sessions to focus on a broad spectrum of products including American Standard, Elkay, Wade Drains and Orion. Throughout the event, Murray Supply associates traveled from station to station to learn more about the products they represented.

MSC associates enjoyed moving around to different stations because it made the training more effective rather than having a classroom type setting. It was also valuable for the Murray Supply associates the rep south associates to meet each other and discuss business opportunities face to face. This event allowed RepSouth and Murray Supply to share concerns and complaints, product knowledge and vendor information and recommendations and suggestions in an atmosphere where comments could be made and heard.

Murray Supply Company is a family owned and operated company that was founded in 1965 by Mr. C.V. Murray in Charlotte, North Carolina. The company is engaged in the wholesale distribution of residential and commercial plumbing, kitchen and bath products, PVF, HVAC, industrial, maintenance, repair and operations products. Murray Supply Company serves their customers from one showroom and six locations based in North Carolina.
